Career Objective

As a front-end developer, I am skilled in HTML, CSS, JavaScript, and other related web technologies. I am passionate about designing and developing user-friendly websites that are visually appealing and functional. With a keen eye for detail and a commitment to delivering high-quality work, I am confident in my ability to make a positive contribution to any team.

Work Experience

Web Developer

Quantum Foundation (April 2019 – Present)

Key Responsibilities-

- Develop and maintain responsive web applications using Angular, React.js, HTML, CSS, and SCSS.
- Collaborate with back-end developers to ensure seamless integration with APIs and databases.
- Implement complex UI designs using CSS frameworks such as Bootstrap, Tailwind, and Material UI.
- Optimize web applications for maximum speed and scalability.
- Debug and fix cross-browser compatibility issues.
- Write and maintain technical documentation for all projects.
